

GMT is also professional tour operator for Muslim travelers

JTBGMT has fulltime Muslim staff members arranging and managing trips to Japan. We make arrangements for Muslim tourists based on GMT's Muslim support policy, thoroughly examining the services provided by restaurants and accommodation facilities so that Muslim tourists can enjoy traveling Japan, a non-Muslim country, without care.

We also cater for a variety of tours such as consolidated tours, group tours, incentive tours, and free independent travelers. If you have any questions, ask us right away. Telephone correspondence is available in not only English but also Indonesian, provided by our three Indonesian staff members.

This year, we have arranged Muslim tours from countries such as Indonesia Brunei, Malaysia, and Pakistan. Feel free to inquire us right now.

Restaurant ABO – Wagyu Bistro (Halal certified)

Wagyu Bistro Restaurant ABO (Halal Certified Kitchen*)

Due to a strong demand from Muslim tourists for Halal *wagyu* (Japanese beef), we would like to introduce this wagyu bistro that provides a Halal wagyu menu. Under the motto of providing delicious Halal meals, wagyu farmers in Kagoshima are involved in the management of the restaurant, ensuring that quality wagyu can be enjoyed at reasonable prices. The second floor kitchen is Halal certified. Equipped with an individual room (hosting up to approx. 14 guests), and also offering the option of serving food cooked on the second floor downstairs for up to approx. 60 guests (including the terrace seats), the restaurant is capable of catering for groups.

- *Please note that the first floor kitchen and restaurant are not Halal. Alcohol is available.
- *Only the second floor kitchen is Halal certified by the Japan Islamic Trust.

* Prayer rugs available for rent.

Tokyo Camii & Turkish Culture Center

The beautiful Tokyo Camii was built in 1938 by a Turk who had escaped to Japan from Kazan, Turkey. It was later rebuilt in 2000 due to deterioration. While drawing from traditional Ottoman Turkish building styles and carrying them on into our times, it also displays characteristics of modern architecture. The multipurpose hall on the first floor serves for a variety of activities such as weddings, plays, exhibitions, and performances.

For GMT tours, it can be visited as both a tourist attraction and a place of worship.

Capacity: 1,500 guests

We have brushed up the products we provided for the Indonesian Muslim market in 2016, and made them available to the broader Southeast Asian Muslim market for 2017. Regarding meals, which require the most caution in Muslim tours, we have prepared Halal certified and Muslim-friendly restaurants that we have worked with last year, ensuring worry-free meals. In addition to the standard course going from Tokyo to Osaka, we also provide courses visiting Shirakawago village, which is recently popular among Southeast Asian tourists. The guides will be Indonesian guides.
